Summary

Hi, I'm Muhammad Anas (aka Anastrix)—a curious and driven individual at the very beginning of my tech journey. Currently pursuing my Bachelor's in Computer Science at FAST-NUCES (Class of 2029), I'm passionate about building clean, responsive, and interactive web and app experiences that blend functionality with great design.

My core stack includes HTML, CSS, JavaScript, and I'm actively learning React.js for modern UI development.
